### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David J. McKenzie on 26 May 2006.

The application claims has been amended as follows:

8. (Canceled)

16. (Currently amended) A computer system for self-throttling the use of computer resources by a computer task executing on said computer system, said computer system comprising:

a computer;

computer program instructions stored in a computer-readable medium for receiving by said computer task a throttle specification for directing said computer task's usage of said computer resources;

computer program instructions stored in a computer-readable medium for executing said computer task until a first unit of work is completed, said computer task comprising said first unit of work and at least a second unit of work;

Art Unit: 2115

computer program instructions stored in a computer-readable medium for calculating the elapsed time of said first unit of work;

computer program instructions stored in a computer-readable medium for calculating a suspension time for said computer task based at least partially on said throttle specification and said elapsed time; and

computer program instructions stored in a computer-readable medium for suspending said computer task for said calculated suspension time prior to resuming execution of said computer task, whereby other computing tasks within said computer system gain access to said computer resources during said suspension of said computer task.
